Important Information
Regarding Your Child's Sea Creature Note Cards

Dear Parents,

Your child should have their sea creature note cards and resources in their backpack today (Friday, September 11). They are safely tucked away in a yellow folder. We have worked in class, but some may still need some one-on-one time at home to complete the assignment. They will need to have at least two cards filled with information about the topic listed at the top of the card. "Enough" information would be at least five facts about that topic. If more than two cards are filled with enough information, extra credit points will be given.

The due date for the cards to be turned in is Friday, September 18. If your child did not have any resources in class, they were not able to work on the assignment in class, and will need to work extra hard at home to complete the cards on time.
